

# Get Safe

You don't walk  
away from a  
forklift accident

When there's an accident, everyone's involved. The victim... their family... workmates... you as a manager. When you're in charge, you're also accountable.

Do something positive today: equip yourself with the know-how and resources to prevent the unthinkable at your site...

Join the Safe User Group.

“The Safe User Group gives us the expert advice we need to operate safely in no-nonsense language and backs it with practical resources, benchmarking tools and ingenious solutions. It's significantly helped us improve safety at little or no cost.”

## Show commitment to safety

Safe User Group membership sends a clear message to your customers, suppliers and employees that you are serious about safety.

## Stay up-to-date on legislation and best practice

You'll find all the guidance you need to keep forklift operations safe and profitable - including regular H&S bulletins, a wealth of online resources and FREE expert advice line.

## Benchmark your safety with Safer Site Pro

This exclusive 26-part guide provides a site-survey for benchmarking... plus loads of tips and real-life examples to help transform your site's safety.

## Engage workers at toolbox talks

Safe User Group Members have exclusive access to a range of safety resources, including posters, videos and much, much more.

## Save with special discounts

Unlock great discounts on web shop materials and events including the National Fork Truck Safety Conference.

With so much to gain at so little cost...
