

Covid-19 – Coming to and leaving work

Objective: To maintain social distancing wherever possible, on arrival and departure and to ensure handwashing upon arrival.

Steps that will usually be needed:

- Staggering arrival and departure times at work to reduce crowding into and out of the workplace, taking account of the impact on those with protected characteristics.

- Providing additional parking or facilities such as bike racks to help people walk, run, or cycle to work where possible.

- Limiting passengers in corporate vehicles, for example, work minibuses. This could include leaving seats empty.

- Reducing congestion, for example, by having more entry points to the workplace.

- Using markings and introducing one-way flow at entry and exit points.

- Providing handwashing facilities, or hand sanitiser where not possible, at entry and exit points.

- Providing alternatives to touch-based security devices such as keypads.

- Defining process alternatives for entry/exit points where appropriate, for example, deactivating pass readers at turnstiles in favour of showing a pass to security personnel at a distance.
